

Supporting your mental health

At Motorola Solutions, we're committed to supporting your total well-being, including your mental health. That's why we offer mental health resources to help you along the way. Take advantage of all the resources available to you.

Employee Assistance Program

The Employee Assistance Program (EAP) through SupportLinc can help you deal with life's everyday challenges. The EAP provides confidential assistance by phone, video or text, and can help you with a wide variety of issues, including stress, depression and anxiety. You and your dependents can each use up to five face-to-face counseling sessions at no cost to you. If you need additional counseling beyond the five sessions, the EAP will help you find counselors in your medical plan network.
