The Mercer Marketplace 365+ HUB advantage

Award-winning health advocacy services dedicated to improving the quality and cost of your care.

Our leading healthcare advocacy and assistance services offer you access to a team of registered nurses, medical directors, and benefits and claims specialists who work right alongside each other to help you. A personal health advocate with expert knowledge about your benefits will help you:

- Find the right doctor.
- Schedule appointments quickly.
- Resolve benefits issues efficiently.
- Secure elder care with confidence.
- Work seamlessly with insurance providers.
- Transfer medical records promptly and securely.

compare prices

The cost of healthcare services can vary significantly, even within the same geographic area and health plan. Here are just a few examples:

- MRI: \$450–\$2,450.
- Tonsillectomy: \$2,100–\$4,900.
- Colonoscopy with biopsy, tumor, polyp, or lesion removal: \$1,300–\$3,000.

Our Health Cost Estimator+ lets you compare prices so you can make smarter decisions about your care.

compare quality

Our user-friendly physician search and scheduling solution ensures better outcomes by matching you to the right doctor.

Scorecards include:

- Physician performance scores.
- Quality analysis.
- Experience and outcomes ranking. Eight in 10 patients say that a doctor's experience with a specific medical procedure, treatment, or surgery is an extremely or very important factor in their choice. And 77% of patients say that board certification — that is, a doctor with additional training and testing in his or her area of specialty — is important.
- Evaluations based on billions of doctor-patient interactions.

get medical medical opinions

Make truly informed health decisions by connecting to world-class global specialists. The Mercer Marketplace 365+ HUB makes it easy to get the clarity, assurance, and direction you need to address your unique health situation.

Expert opinions can have a big impact on both the quality and cost of care. They help ensure you're getting the right care and can help you avoid unnecessary procedures:

- 39% of patients receive an improved diagnosis.
- 60% of patients have a change in treatment.
- 99% of patients would recommend this service.

it's like having your own personalized physician. I needed to know all the options were explored before going forward with my surgery, and getting an expert medical opinion gave me that peace of mind.
